WORLD SOCIAL RESPONSIBILITY PROJECTS INITIATIVE WILL LAUNCH AT THE 22ND WPC

The 22nd World Petroleum Conference Social Responsibility Committee, are delighted to announce the launch of the World Social Responsibility Projects Initiative (SRPI) at the 22nd World Petroleum Congress. A database of Social Responsibility projects from oil and gas companies around the world, will be created and showcased on a rotating globe in the Global Village of the 22nd WPC. The focus areas will be: environment, health, energy poverty, ethics and human rights, as well as education and local communities. There is no limit to the number of the projects that can be submitted, and the database will continue to be developed after the 22nd WPC, in order to provide an ongoing overview of the industry’s SR initiatives globally.

We invite you to submit your projects using the link below: http://www.22wpc.com/csr.world.sr.projects.php

Let’s build “Bridges to a sustainable energy future: innovative solutions” and showcase the value our industry can play.
THE 22ND WPC YOUTH PROGRAMME

The WPC Young Professionals bring together the passion and talents of industry students, young professionals and emerging leaders willing to contribute shaping the global energy should be to contribute and shape the global energy future as as part of a global community of motivated talents and volunteers. There will be an extensive Youth Programme at the 22nd WPC with the theme “Bridges to a new competitive energy industry”. The 22nd WPC Youth Programme will include:

MEET THE 22ND WPC AT THE 79TH EAGE ANNUAL MEETING IN PARIS

The 22nd WPC team will attend the 79th edition of the EAGE Annual Conference & Exhibition being held in Paris, France from 12-15 June 2017. Paris 2017 offers the international geoscience and engineering community an opportunity to consider the new reality of a persistent low oil price environment and the need to think of new and more efficient techniques and solutions. Highlights include a technical programme including SPE EUROPEC, a large exhibition with around 350 international companies, special sessions, workshops, short courses and excursions and registration is still open. WPC representatives will be available at our Stand 1178.

NATIONAL OLYMPICS 2017

On May 6th the Turkish Young Professionals Committee successfully ran their National Olymics involving 30 Turkish students nominated by the leading universities in Turkey through their industry related departments. The universities involved were the Middle East Technical University, Istanbul Technical University, Hacettepe University, Ankara University, Istanbul University and Batman University. Five teams each including a senior industry representative participated and despite tough competition the Team Zeugma won first place. As their prize, Team Zeugma members will participate not only in the Oilympics in Istanbul on July 8th but have also earned the opportunity to volunteer at the Congress.
